

## Position Description: Seasonal Field Educator

This field educator position at Cottonwood Gulch works with a small staff team to implement outdoor educational programs and the mission of Cottonwood Gulch Expeditions (CGE). Our mission is to provide outdoor learning adventures to youth of all backgrounds that foster personal growth, strengthen community, and inspire stewardship of the natural world. We have been leading outdoor expeditions since 1926, and currently work with hundreds of students (or “trekkers,” as we call them) each year. Using the outdoors as our classroom to explore science, culture, history, art, and adventure in New Mexico and surrounding states, we aim to inspire personal growth and build strong community. During the school year, we partner with more than 30 schools and nonprofits, primarily serving New Mexico students in grades 1-12 on trips ranging from one day to two weeks. These treks vary between classroom visits, day trips, overnight multiple day road-loops or Basecamp stays, and backcountry experiences. During the summer, we run multi-week expeditions for 8-18 year olds. This totals about 10,000 field days each year, a thriving Gulch Community, and hundreds of lives impacted for the better.
